

DA62

more of the best

DA62

MORE OF THE BEST.

The twin-engine DA62 is the ideal synthesis of space and performance. The aircraft builds on the strengths of the world's bestselling twin piston aircraft, the DA42, with increased performance, payload, cabin volume and utility. A new range of features delivers superior cabin comfort compared with unbeatable usability to make flying even more easy. The large and comfortable cabin with seating capacities of up to 7 seats sets new standards in general aviation. A compelling mix of distinctive styling, consistent lightweight carbon design and superior flying dynamics is what the DA62 delivers.

"With the roominess of the cabin, the advanced avionics and the overall performance of the DA62 you may feel like an airline captain."

Christian Dries, CEO of Diamond Aircraft, 7400 flight hours

INSTRUMENT PANEL

Garmin G1000 Integrated Flight Deck and Digital Stand-by Attitude modul MD-302

UP TO 7 SEATS

The large and comfortable cabin, with new comfort features, provides room for up to seven passengers. The large Cargo Door offers plenty of possibilities for passenger and cargo loading in the rear cabin area. Perfect for families and business travelers and an excellent choice for taxi flights.

GULL WING DOORS

A stylistic highlight are the gull-wing doors, which impart the DA62 with incomparable charisma and make a unique statement.

SUPERIOR INTERIOR

The large cabin is designed to offer up to 7 passengers a comfortable seating and provides super relaxing travelling due to plenty of comfort features. And don't leave your personal luxuries behind as the DA62 is able to carry plenty of bags in its huge rear and front baggage compartment.

THE DA62

The DA62 series builds on the strengths of the world's best-selling twin piston aircraft, the DA42, with increased performance, payload, cabin volume and utility.

COMPOSITE - THE DIAMOND STANDARD

This monocoque cabin is made out of lightweight and strong carbon fiber composite material. Diamond planes offer you the ultimate durability, aerodynamic and safety.

DIESEL POWER BY AUSTRO ENGINE

The DA62 series is powered by the Austro Engine AE330. A turbocharged common-rail injected 2.0 liter jet fuel engine (Jet A-1, Jet A, TS-1, RT, No. 3 Jet Fuel, JP-8). With 180 HP and EECU single lever control system.

DIAMOND AIRCRAFT GOES GREEN.

The DA62 is equipped with the most modern piston aircraft engines, the Austro Engine AE330. Compared to aircraft with conventional gasoline engines, a Diamond Aircraft plane has a significantly lower CO₂ footprint and fuel consumption.

DIAMOND SAFETY CONCEPT INCLUDED

Our aircraft are verifiably the safest in their class. This is because of the ultramodern safety avionics, also used in big airliners, the unique composite monocoque cabin, as known from Formula 1, and an ingenious fuel system protection.

HOT & HIGH PERFORMANCE

Carry up to seven passengers, plenty of baggage and still having the joy of flying an agile aircraft with outstanding flight characteristics? The DA62 offers you flight experiences you might not have with other aircraft in this class.
